Case No. 8:18-MJ-690-2(6LF)

**AFFIDAVIT IN SUPPORT OF
AN APPLICATION FOR A SEARCH WARRANT**

I, Chad Willard, being first duly sworn, hereby depose and state as follows:

INTRODUCTION AND AGENT BACKGROUND

1. I make this affidavit in support of an application for a search warrant for information associated with a certain account, referred to herein as the "Subject Account," that is stored at premises owned, maintained, controlled, or operated by Facebook, Inc., a provider of an electronic communications service headquartered 1601 Willow Road, Menlo Park, CA 94025. This affidavit is made in support of an application for a search warrant under 18 U.S.C. §§ 2703(a), 2703(b)(1)(A) and 2703(c)(1)(A) to require Facebook, Inc. to disclose to the government records and other information in its possession pertaining to the subscriber or customer associated with the listed account, including the contents of communications. The evidence and information to be searched for is described in the following paragraphs and in Attachment A, and includes items evidencing violations of **Title 18, United States Code, Section 2422(b)** (using a facility of interstate commerce to persuade, induce, entice, and coerce

and to attempt to persuade, induce, entice, and coerce an individual who has not attained the age of 18 years, to engage in sexual activity for which any person can be charged with a criminal offense), **Title 18, United States Code, Sections 2423(b) and (e)** (travel and attempt to travel with intent to engage in illicit sexual contact), and **Title 18, United States Code, Section 1470** (transfer and attempt of obscene material to minor).

2. I am a Special Agent with Immigration and Customs Enforcement (ICE), Homeland Security Investigations (HSI), and have been so employed since August 6, 2006. I graduated from the Criminal Investigator Training Program and the ICE Special Agent Training programs at the Federal Law Enforcement Training Center (FLETC) in Glynco, GA. I am currently assigned to the HSI resident agent in charge office in Massena, NY. I have participated in investigations involving fraud, alien smuggling, narcotics smuggling, child pornography and intellectual property rights. I have conducted or participated in surveillance, execution of search warrants and debriefing of subjects. I have received specialized training in the area of child pornography and child exploitation, and I have had the opportunity to observe and review numerous examples of child pornography, as defined in Title 18 United States Code, Section 2256.

3. This affidavit is intended to show only that there is sufficient probable cause for the requested warrants and does not set forth all of my knowledge about this matter.

4. Based on my training and experience and the facts as set forth in this affidavit, there is probable cause to believe that violations of **Title 18, United States Code, Sections 2422(b), 2423(b) and (e), and 1470** have been committed by CHRISTOPHER TERRANCE. There is also probable cause to believe that evidence of these violations, as more fully described

in Attachment B, will be found within the electronic communications held by the service provider described above.

PROBABLE CAUSE

5. Saint Regis Mohawk Tribal Police (SMRT) Patrolman Casey Jacobs has advised me that on July 3, 2018, a 41-year-old male (the “Complainant”) reported an endangering the welfare of child complaint to the Saint Regis Mohawk Tribal Police in Hogansburg, NY. The Complainant reported that on his 15-year-old daughter’s Facebook account he observed messages between his daughter (“Victim 1”) and an adult male identifying himself as CHRIS TERRANCE. The Complainant stated that the messages instantly made him angry in that he knew CHRIS TERRANCE and was upset that an older male was trying to have a conversation with Victim 1. The Complainant further stated that he co-signed a form allowing SMRT to assume the online identity of Victim 1’s Facebook page.

6. Victim 1 also provided a statement advising that on or about April 27, 2017, she received a message on Facebook Messenger App from a CHRIS TERRANCE. In the chat provided by Victim 1 it is clear that CHRIS TERRANCE knew that Victim 1 is 15 years old. The following table includes the date of the conversations and the substance:

7. SRMTP obtained permission to assume Victim 1's Facebook account, and on July 3, 2018, Patrolman Jacobs began communicating with Terrance via Facebook as Victim 1. On that same day, TERRANCE asked Victim 1 if she ever "blazes," referring to smoking

marijuana. Then TERRANCE stated, "Oh gonna say maybe we could smoke sometime. Lol its ok." Patrolman Jacobs as Victim 1 responded, "Idk I'd be afraid my dad would find out he's always asking who I hang with, he's always in my business." TERRANCE replied, "That's a good thing. Not for me lol. But maybe we could figure something out sometime?..." Patrolman Jacobs sent back a smiley face emoji to which TERRANCE replied, "Is that a yeah maybe?" Patrolman Jacobs as Victim 1 answered, "gotta go getting ready to leave. I've gotta be careful my parents wouldn't approve of me talking to a older mature guy or really any other boy they don't know about."

8. On July 6, 2018, TERRANCE sent a message that said, "I really wanna get to know you. Maybe try to hang out sometime. But like I said nothing you're not comfortable with. We can just keep talking im cool with that. So do I get your number when you get your new phone?" During the aforementioned conversations on Facebook, TERRANCE used Facebook account with **USERNAME "Chris Terrance" PROFILE ID = 100009818194065** ("the **Subject Account.**") On July 9, 2018, Patrolman Jacobs transitioned the conversation from Facebook to text messaging. That day, TERRANCE sent a text message to Patrolman Jacobs posing as Victim 1 that said, "Is this really you? Lol." The conversation continued and TERRANCE asked Victim 1 if she was home alone and if she would like something from Tim Horton's coffee shop. Patrolman Jacobs acting as Victim 1 stated that her parents wouldn't approve of her having a boy over. TERRANCE responded, "You would be my angel (Kiss Emoticon) Well we'll figure something out if you want to." During this same conversation, Patrolman Jacobs acting as Victim 1 informed TERRANCE that Victim 1 is 16 years old.

9. On July 10, 2018, TERRANCE sent a photograph of himself to Victim 1. Then TERRANCE stated, "Sooo uhmmm what color panties you have on. I wanna rub you from head

to toe with warm massage oil. Mmmm tease me please Wait til O get to tease you baby mmmmm you're gonna love it, Just remember to relax n enjoy I'll take care of you. I wanna see you."

10. Similarly, on July 15, 2018, TERRANCE sent a text message to Victim 1 which said, "So what color and kind of panties you wearing?" Patrolman Jacobs acting as Victim 1 responded, "Purple ones tonight." TERRANCE replied, "Mmm show me! Cant wait to slowly pull em down n kiss you there! Mmmm." Later in the conversation, TERRANCE sent a text message that said, "Text u when I get home. Im gonna come by your house to say hi in the morning It will be around 10 1030ish N give that booty a nice squeeze! Lol Mmmmmmm." Patrolman Jacobs acting as Victim 1 responded, "not sure what my mom would think, she can b a hard ass on me sometimes. Can't wait til I'm done w school so I can move out." TERRANCE replied, "Hmm okay. We need to get together baby I wanna squeeze that booty so bad lol I get a lil hard just thinking of you."

11. The next day, TERRANCE sent a text message to Victim 1 that said, "Soon baby Ima be all over you! But for now can I get a selfie sweetie? Cant wait to feel you n taste every inch of your sweet sexy body." Patrolman Jacobs acting as Victim 1 responded, "Can't wait for u to show me what u like." TERRANCE stated, "Oh I will. You'll like it too baby I love making my girl orgasm. You ever had one?" Patrolman Jacobs acting as Victim 1 responded, "You think it hurt the first time? U gonna get my v card lol." TERRANCE stated, "It might. I'll be as gentle as I can tho baby. Wanna make it good for you." Later in the conversation, TERRANCE asked, "Should I get n carry some condoms?" 12. From July 16, 2018 through August 1, 2018, SRMTP Patrolman Julie Smoke acted as Victim 1 in the text message conversations with TERRANCE. On July 20, 2018, TERRANCE and Patrolman Smoke acting as Victim 1 exchanged the following text messages:

TERRANCE: I jus got some things...lol

14. On July 26, 2018, TERRANCE sent a text message to Victim 1 indicating that he took a picture for her. TERRANCE stated, “Yeah just cropped it its only half of it...” and then sent a picture of an adult male’s erect penis that had been cropped to only show the top half.

15. On August 1, 2018, TERRANCE sent a photograph of himself to Victim 1. Throughout that day, TERRANCE and Patrolman Smoke acting as Victim 1 exchanged the following text messages in which they arranged to meet:

TERRANCE: I know its early but what time you think we can get together

16. The conversation continued and they agreed to meet at Tim Horton's in Hogansburg, New York that night. Hogansburg is in Franklin County in the Northern District of New York.

17. Patrol units from SRMTP surveilled Tim Horton's after a text message was sent to TERRANCE stating Victim 1 was inside Tim Horton's waiting for him. TERRANCE arrived and SRMTP arrested him. Prior to placing TERRANCE in SRMTP's patrol car, officers conducted a pat down of his person. They found three condoms in TERRANCE's front pocket.

18. TERRANCE was transported to the SRMTP office for an interview. He waived his *Miranda* rights. During the interview, TERRANCE stated he left his home in Snye, Quebec and traveled into the United States to meet Victim 1 at Tim Horton's. He stated he knew that Victim 1 was 16 years old and he admitted to purchasing the condoms found in his pocket that night.

19. Based on the foregoing, I believe there is probable cause that evidence of violations of **Title 18, United States Code, Section 2422(b), 2423(b) and (e), and 1470** will be found within the content of the Subject Account.

FACEBOOK, INC.

20. I have also learned that Facebook owns and operates a free-access social networking website of the same name that can be accessed at <http://www.facebook.com>. Facebook allows its users to establish accounts with Facebook, and users can then use their accounts to share written news, photographs, videos, and other information with other Facebook users, and sometimes with the general public.

21. Facebook asks users to provide basic contact information to Facebook, either during the registration process or thereafter. This information may include the user's full name, birth date, contact e-mail addresses, physical address (including city, state, and zip code), telephone numbers, screen names, websites, and other personal identifiers. Facebook also assigns a user identification number to each account.

22. Facebook users can select different levels of privacy for the communications and information associated with their Facebook accounts. By adjusting these privacy settings, a Facebook user can make information available only to himself or herself, to particular Facebook users, to all Facebook users, or to anyone with access to the Internet, including people who are not Facebook users. Facebook accounts also include other account settings that users can adjust to control, for example, the types of notifications they receive from Facebook.

23. Facebook users may join one or more groups or networks to connect and interact with other users who are members of the same group or network. A Facebook user can also connect directly with individual Facebook users by sending each user a "Friend Request." If the recipient of a "Friend Request" accepts the request, then the two users will become "Friends" for purposes of Facebook and can exchange communications or view information about each other. Each Facebook user's account includes a list of that user's "Friends" and a

“Mini-Feed,” which highlights information about the user’s “Friends,” such as profile changes, upcoming events, and birthdays.

24. Facebook users can create profiles that include photographs, lists of personal interests, and other information. Facebook users can also post “status” updates about their whereabouts and actions, as well as links to videos, photographs, articles, and other items available elsewhere on the Internet. Facebook users can also post information about upcoming “events,” such as social occasions, by listing the event’s time, location, host, and guest list. A particular user’s profile page also includes a “Wall,” which is a space where the user and his or her “Friends” can post messages, attachments, and links that will typically be visible to anyone who can view the user’s profile.

25. Facebook has a Photos application, where users can upload an unlimited number of albums and photos. Another feature of the Photos application is the ability to “tag” (i.e., label) other Facebook users in a photo or video. When a user is tagged in a photo or video, he or she receives a notification of the tag and a link to see the photo or video. For Facebook’s purposes, a user’s “Photoprint” includes all photos uploaded by that user that have not been deleted, as well as all photos uploaded by any user that have that user tagged in them.

26. Facebook users can exchange private messages on Facebook with other users. These messages, which are similar to e-mail messages, are sent to the recipient’s “Inbox” on Facebook, which also stores copies of messages sent by the recipient, as well as other information. Facebook users can also post comments on the Facebook profiles of other users or on their own profiles; such comments are typically associated with a specific posting or item on the profile.

27. Facebook Notes is a blogging feature available to Facebook users, and it enables users to write and post notes or personal web logs (“blogs”), or to import their blogs from other services, such as Xanga, LiveJournal, and Blogger.

28. The Facebook Gifts feature allows users to send virtual “gifts” to their friends that appear as icons on the recipient’s profile page. Gifts cost money to purchase, and a personalized message can be attached to each gift. Facebook users can also send each other “pokes,” which are free and simply result in a notification to the recipient that he or she has been “poked” by the sender.

29. Facebook also has a Marketplace feature, which allows users to post free classified ads. Users can post items for sale, housing, jobs, and other items on the Marketplace.

30. In addition to the applications described above, Facebook also provides its users with access to thousands of other applications on the Facebook platform. When a Facebook user accesses or uses one of these applications, an update about that the user’s access or use of that application may appear on the user’s profile page.

31. Facebook uses the term “Neoprint” to describe an expanded view of a given user profile. The “Neoprint” for a given user can include the following information from the user’s profile: profile contact information; Mini-Feed information; status updates; links to videos, photographs, articles, and other items; Notes; Wall postings; friend lists, including the friends’ Facebook user identification numbers; groups and networks of which the user is a member, including the groups’ Facebook group identification numbers; future and past event postings; rejected “Friend” requests; comments; gifts; pokes; tags; and information about the user’s access and use of Facebook applications.

32. Facebook also retains Internet Protocol (“IP”) logs for a given user ID or IP address. These logs may contain information about the actions taken by the user ID or IP address on Facebook, including information about the type of action, the date and time of the action, and the user ID and IP address associated with the action. For example, if a user views a Facebook profile, that user’s IP log would reflect the fact that the user viewed the profile, and would show when and from what IP address the user did so.

33. Social networking providers like Facebook typically retain additional information about their users’ accounts, such as information about the length of service (including start date), the types of service utilized, and the means and source of any payments associated with the service (including any credit card or bank account number). In some cases, Facebook users may communicate directly with Facebook about issues relating to their account, such as technical problems, billing inquiries, or complaints from other users. Social networking providers like Facebook typically retain records about such communications, including records of contacts between the user and the provider’s support services, as well records of any actions taken by the provider or user as a result of the communications.

34. Therefore, the computers of Facebook are likely to contain all the material just described, including stored electronic communications and information concerning subscribers and their use of Facebook, such as account access information, transaction information, and account application.

**INFORMATION TO BE SEARCHED AND THINGS TO BE SEIZED FROM
SERVICE PROVIDER**

35. I anticipate executing the warrant on Facebook under the Electronic Communications Privacy Act, in particular 18 U.S.C. §§ 2703(a), 2703(b)(1)(A) and 2703(c)(1)(A), by using the warrant to require Facebook to disclose to the government copies

of the records and other information (including the content of communications) particularly described in Section I of Attachment B. Upon receipt of the information described in Section I of Attachment B from Facebook, government-authorized persons will review that information to locate the items described in Section II of Attachment B.

CONCLUSION

36. Based on the forgoing, I request that the Court issue the proposed search warrant.

37. This Court has jurisdiction to issue the requested warrant because it is “a court of competent jurisdiction” as defined by 18 U.S.C. § 2711. 18 U.S.C. §§ 2703(a), (b)(1)(A) & (c)(1)(A). Specifically, the Court is “a district court of the United States . . . that – has jurisdiction over the offense being investigated.” 18 U.S.C. § 2711(3)(A)(i). Pursuant to 18 U.S.C. § 2703(g), the presence of a law enforcement officer is not required for the service or execution of those warrant.
